

Boddana Pavan Kalyan

Entry-level Software Developer / Frontend Developer

Email: boddanapavankalyan81@gmail.com

Phone: 9652696350

Profile

B.Tech student pursuing Computer Science & Engineering (Artificial Intelligence & Data Science) with hands-on experience in HTML, CSS, JavaScript, and Python. Passionate about building responsive web applications and solving real-world problems through technology. Interested in entry-level Software Developer or Frontend Developer opportunities where I can apply technical skills, contribute to impactful projects, and continue learning.

Education

Satya Institute of Technology and Management, Vizianagaram

Bachelor of Technology (B.Tech) — Computer Science & Engineering (Artificial Intelligence & Data Science)

2023–2027 · Percentage: 63.30%

Vidwan Junior College, Bobbili

Intermediate (Class XII)

Percentage: 83%

Potti Sri Ramulu Municipal High School, Bobbili

Secondary School Certificate (SSC / Class X)

Percentage: 99%

Experience

Python & Generative AI Intern — Pixelwind Technologies

April 2026 – June 2026

- Developed AI-powered applications using Python and Generative AI.

- Worked with Large Language Models (LLMs) and explored Retrieval-Augmented Generation (RAG) concepts.
- Integrated LLM APIs using API keys and handled API authentication, requests, and responses.

Projects

Pizza Booking Application

Technologies: HTML, CSS, JavaScript

Developed a responsive pizza ordering application with dynamic order customization. Implemented JavaScript DOM manipulation and `setTimeout()` for real-time order updates and order status notifications.

Music Hub

Technologies: HTML, CSS

Built a responsive music website with language-based song browsing. Designed a clean and user-friendly interface for seamless navigation.

E-Commerce Clone

Technologies: HTML, CSS

Developed a responsive Amazon-inspired e-commerce website. Implemented responsive layouts, navigation bar, banners, and product sections.

Technical Skills

Programming Languages: Python, JavaScript

Frontend Technologies: HTML5, CSS3

Tools: Git, GitHub

AI / Generative AI: Generative AI, Large Language Models (LLMs), Retrieval-Augmented Generation (RAG), LLM API integration, API authentication and request/response handling

Soft Skills: Communication, Teamwork

Languages: English, Telugu, Hindi
